SUSTAINING SUPPORTERS

Sustaining Supporters make it possible for PA College to commit the generous annual financial aid support so many of our students need to pursue their dream of a career in health care.

Abrielle Minnich, from Lititz, PA, is enrolled in our 3-year BSN program. Her father's life-changing medical experiences motivated her to choose a career in healthcare. As he received a pancreas transplant, and struggled with respiratory issues and Charcot-Marie-Tooth disease, Abrielle was inspired by the nurses who cared for her father to devote herself to becoming a nurse.

She aspires to use what she's learned at PA College to make a positive emotional, physical and spiritual impact on the patients in her care and to use her degree in a volunteer setting after gaining work experience in the healthcare field.

Abrielle is deeply grateful for the financial aid she has received:

 *Receiving scholarship support has allowed me to truly focus more on what I am being taught rather than a daunting amount of student debt. I feel extremely thankful for this extraordinary blessing.*
